

NEVADA COUNTY
HAZARDOUS MATERIALS / WASTE STATEMENT

APN: 38-370-17;
38-380-15 and 16; and
38-430-02

Property Owner: Hansen Bros. Enterprises

Hazardous sites: General Plan policy requires the County pursue the cleanup of sites contaminated by mine waste or other hazardous materials prior to approving land use projects. Where hazardous waste or hazardous materials may occur on a project site, a Phase I site assessment may be required prior to processing or approving your project. Respond to the following questions and provide the requested information:

1. Is there evidence of any past, potentially hazardous use on or near the project site, including underground fuel storage tanks, dumpsites, artillery ranges, surface or subsurface mining activity?

Yes Provide a Memo from the County Dept. of Environmental Health that adequate information is on file to accept the project for processing.

No List the research and/or source of information justifying your response.

Hazardous use. It is the applicant's responsibility to understand the definition of "hazardous material" and "hazardous waste," as defined in the California Health & Safety Code, Chapter 6.5. The storage of hazardous materials and the generation of hazardous waste are regulated under federal, state and county codes. The storage of hazardous materials in quantities equal to or greater than, a total weight of 500 pounds, or a total volume of 55 gallons, or 200 cubic feet at standard temperature and pressure for compressed gas; or the generating of hazardous wastes in any quantity, requires a permit from the Nevada County Department of Environmental Health.

2. **Will hazardous materials be used, or will hazardous waste be generated from the facility resulting from this project? Check the appropriate response and provide the listed information.**

Yes A Hazardous Materials Inventory Statement (HMIS), obtained from the Department of Environmental Health, must be filed with this project application.

No Explain why no hazardous materials are used for the proposed use or business:

The proposed zone change area is planned to be utilized for sand and gravel harvesting. All potential

Hazardous Material and Hazardous Waste will be stored at the existing processing plant.
